

3D FABRICS & THEIR APPLICATIONS

The 7th World Conference in 3D Fabrics and Their Applications

8-9 September 2016, ENSAIT, Roubaix, France

Main topics of the conference

Advanced textile technologies and materials:

3D FABRICS

- woven
- braided
- knitted
- nonwoven
- multilayer flat sheets
- 3D shaped solids
- hollow fabrics
- 3D shells
- multiple connections

Engineering and manufacture of 3D textiles and composites

- design
- machine control
- manufacture
- structure & geometry
- modelling
- mechanical properties
- other performance features
- testing
- techno-economics

Advanced applications of 3D textiles and composites.

- aerospace
- automotive
- marine
- military
- construction
- medical & health
- protection
- smart materials
- garments

Important Deadlines

- Deadline for abstract submission:
April 30, 2016
- Review and decision notification:
May 30, 2016
- Deadline for full paper submission:
June 24, 2016

Registration

All the fees include:

- Access to all Conference sessions
- Conference kit with conference program, **Proceedings on USB key and Printed Book (ISBN)**.
- Coffee breaks
- Lunches
- Gala diner

Registration type	Before 30 May 2016	After 30 May 2016	On site
Conference participation	EUR € 400	EUR € 450	EUR € 500
Speakers and poster presenters	EUR € 300	EUR € 350	EUR € 400
Students	EUR € 200	EUR € 220	EUR € 250
One day registration			EUR € 250
